**LIBRARY LEVY 2013: A REPORT TO THE PUBLIC**

In 2012, Seattle voters improved access to critical educational and literacy resources for every resident by passing a seven-year, \$123 million Library levy.

The levy is helping restore core services drastically cut during the prolonged recession. It supports better Library hours, books, technology and building maintenance, as well as the Library's Strategic Plan and Service Priorities.

It also protects a bold vision Seattle voters approved in 1998 called "Libraries for All" that resulted in the world-renowned Central Library and new and renovated branch libraries in every neighborhood of the city.

The Seattle Public Library board of trustees and City Librarian Marcellus Turner are proud to report our progress after one year of levy funding.
